BLUFF MOUNTAIN

Bluff Mountain is a treasure. I hear that you are planing to zone the area available for future logging. Pleeeeeeeeeeeeeaaaaaaaaaaaaaaaaasssseeeeeee, do not even consider it. This will destroy the culture of the communities living there, the specialty of its remote older forest habitats for animals and plants. Bluff Mountain is part of the 1994 amendment that provided the necessary protection.
I am sure you love Bluff Mountain as much as I do. No change, keep Bluff Mountain free of clear cutting, steep-slope logging and new road construction. The pleasure for visitors is walking in the wild, without hearing road traffic or seeing new privacy fences around.
Thank you for reading. Gwylene Gallimard
