Say no to the Roca Honda uranium mine

May 8, 2013

Forest Supervisor Joe Norrell, U.S. Forest Service  
NM

Dear Forest Supervisor Norrell, U.S. Forest Service,

I urge you to protect New Mexico's groundwater and public health and oppose the Roca Honda uranium mine on Mt. Taylor.

Previous uranium mining has polluted groundwater sources. We cannot afford to pollute our limited water supplies in New Mexico.

I urge you to choose the "No Action" Alternative for the draft environmental impact statement (DEIS), deny Roca Honda's Plan of Operations, and to reissue a new DEIS because the current one is inadequate.

Sincerely,

Ken Barr  
19 Kiva Dr.  
Mimbres, NM 88049
