Zip/Postal Code: 29412

Country: United States

Email: apietras@charlestoncounty.org

Phone: 8432027219

Comments:

The US Forest Service should include strategies to ensure the National Forests benefit local economies. For example, local foresters should be able to bid and conduct timber operations in the National Forests, as opposed to those jobs mostly going to out of state companies.

Please consider the possibility that beavers may live in the forest (now or in the future) as part of the plan revision.
