Comments:

Hello and good afternoon,

My name is Peter Lawson-Johnston and I work for the Daniel Island Company. I am contacting you in regards to the FMNF plan revision and our current development on Cain Hoy Plantation, your neighbors to the south across Highway 98. We are very interested in communicating with you all on a more personal level to talk about some kind of partnership with regards to our open space and trail system plans.

As you may or may not know, Cain Hoy's original owner Harry Frank Guggenheim was deeply connected with the Equestrian/Horse Racing Industry. HFG owned Cain Hoy Stables and sought the best trainers and staff in the world to train his horses. In 1957, his horse Dark Star defeated Vanderbilt's Native Dancer to win the Kentucky Derby. The extended family still loves to ride for recreation and as a representative of the family we would like to see what we could possibly do in a partnership for a unique aspect of a world class trail system, Horse trails connected with the FMNF.

Please feel free to email me back at the provided address. We look forward to hearing from you and having some conversations about this unique and special opportunity at hand.

Best,

Peter J. Lawson-Johnston
