using the western nc forest for crop production

I am a simple but persistent Republican person living in western NC, and I am appalled at the idea of resorting the existing forest up here to logging.

Without further explanation I wil just say that the idea is very poor and that if you persist in attempting to do this I will be on the front lines of resistance.

Jack Austin
Blowing Rock, NC

Remember to be more kind than is necessary. Everyone that you meet is fighting a battle of some kind and adding to their burden benefits no one.
