Logging in the Nantahala-Pisgah National Forest Plan Revision

Dear Kristin Bail, USFS North Carolina Forest Supervisor,

As an NC resident, a U.S. taxpayer, a mother and a hiker, I urge you not to open up the Pisgah to logging. Please retain the protections for stream buffers and old-growth forests from the 1994 plan. And please place the Roadless Areas and Potential Wilderness Areas under management that does not allow commercial logging and road building.

Sincerely,

Susan Caskie
