Save the Nantahala

Joyce Kilmer wrote "Trees" about places like this and the home of his memorial forest is now in jeopardy of being destroyed...again????

Please don't take this sanctuary away from the people that consider this wilderness our own. I know this forest better than my own backyard and I want to share this forest with my children. Letting it fall victim to special interest guided rapists would be a travesty.

**PLEASE VOTE DOWN THIS PROPOSAL!!**
