To Whom It May Concern:

As a lifelong resident of Western North Carolina and an avid grouse hunter, it saddens me to see the lack of habitat in our forests for these magnificent birds as well as other wildlife. I am troubled at the thought that my boys may not have the opportunities and experiences I have had roaming the forests for these birds. Because of this I want to now express my support for Management Area 1 and Management Area 2A. I do not support additional wilderness areas as I believe we already have enough. Thank you for giving me an opportunity to be involved in the process.

Sincerely,

Robert Bell
