No logging

Dear forest service,

Please do not open up logging to the Pisgah National Forest! I am from Tennessee and I always look forward to my trips to North Carolina for hiking, biking and kayaking. The national forest is so beautiful with so many amazing outdoor opportunities, that I would hate to see it ruined with logging. Our national forests should be treasured and protected for future generations not used as an expendable commodity. Please think long and hard about this decision before you make it.

Sincerely,

Justin Seyer
