Comments:

Forest service land for timbering

To Whom It May Concern:

My family lives in South Florida. We own 12 acres of land in Roscoe, North Carolina, so we have a keen interest in these proposals.

We are deeply opposed to using forest land for timbering. My parents moved to Florida in the 1950s. What has happened to land here, once people were allowed to use raw land for personal profit, is quite horrifying. You will be opening Pandora's box to profiteers. Please protect our forests for future generations. You are our trusted stewards.

Thank you for your service!

Sincerely,

Mari Mennel-Bell, Joel Greenbaum, Evan Bell- Greenbaum, James Bell-Greenbaum, Olga D'Angelo
