Dear Members of the USDA Forest Service who will be assigned to the Revision plan of the Nantahala and Pisgah National Forest:

I would like for motorcycles to be prohibited in these natural areas. The noise of motorcycles are of tremendous annoyance to those trying to get away from city life to experience peace and quiet in the forest. Furthermore, wildlife can be disturbed if not killed by these vehicles with operators who frequently speed especially in the absence of the state highway patrol. Allowing motorcycles in these areas would be antithetical to the whole idea of a national forest.

Thank you for considering my comments.

Sincerely,
Gloria Shen
Asheville, NC
