Comments:

Folks, got this from the herald:

'Single-track trails designated for motorcycle use across the Rico-West Dolores planning area will be open to motorcycle use from July 1 to Sept. 8 and closed from Sept. 9 through June 30. This eliminates the overlap of motorcycle use with big-game hunting seasons and eliminates overlapping motorcycle use with big-game calving season in the spring.'

For the record, as you know, bow elk season begins end of August. Bow hunting in particular is effected by motorized traffic. We need to get much closer to game than do rifle hunters. If you want to benefit the hunting experience, I would close the trails at least a week prior to the first day of the Bow Elk/Deer season, around the 20th of August.

Just my .02.

Thank you and be well,

Ed-Jack Dvorak

Durango, CO
