Debbie Kill & Mancos/Dolores Ranger District,

I am writing this letter to express my support for Travel Management - Rico West Dolores Roads and Trails Project (December 2014). I have read the Proposed Action and studied the accompanying maps and I believe the actions proposed will best serve the public. I support the actions to remove some trails from motorized use while still allowing mountain bike, hiking & horse use. I do also support the actions to extend motorized use to new trails to provide a better user experience, especially designing looped trail rides. I applaud and support the Ranger District efforts to extend a great user experience to all user groups.

Thank you for your time.
