Subject: Please don't reduce single track usage in Rico Dolores area.

Mr. Padilla,

I am a long time trail rider from Kansas City who enjoys riding single track in this area. I can't imagine a future where my kids will no longer enjoy the single track access that we currently have when we visit family in the area. I urge you to reconsider the proposed reductions. Non-motorized trail access is abundant already. Loyal single track enthusiasts are already limited on our access. Why limit us further?

Sincerely,
Brent Daniel M.B.A.
