Comments on proposed action Travel Management Rico West Dolores

AREA 1

The current plan discourages use of old logging roads in the Black Mesa area and would remove two of the level one roads. THIS WOULD BE A SIZEABLE CLOSURE TO THE AREA. From being in the area and witnessing more OHV recreational vehicle usage than hiking usage, it would seem this plan is catering to the few rather than the many. A better balance between the two usages needs to be derived. THEREFORE, THE CURRENT PROPOSAL IS UNACCEPTABLE.

Appreciate the efforts of all that helped in the research of this project.
