Rico is fine just the way it is

My name is Brett Off, I have been visiting Rico on a regular basis for over 40 years since I was a young boy. Rico has been an important part of my life and has always been a gathering place for our family and friends. Last May my family and I were able to purchase a house of our own in Rico which is very exciting for us.

Today is the first I have heard of an effort by Gary Reed to limit access to areas around Rico. Not welcome news to say the least. Part of what I have always enjoyed is exploring the mountains and trails around Rico. Whether going fishing, jeeping, or on an ATV ride, having access to the forest is essential to the Rico experience. Looking back, I have fond memories fishing with my grand-dad high above Rico, Hiking with my great Uncle, Riding with my Dad, and much more. I continue this now with my own family; Hopefully one day I will get to do it all over again with my grand children.

All types of people enjoy and respect Rico in their own way, and the more ways it is left available to be enjoyed the better off everyone in the community is.

Sincerely

Brett Off
