I Do Not Support The Travel Management Plan For RWD Landscape

Derek & Debbie,

Thank you for the opportunity to provide feedback regarding the Rico West Dolores Travel Management Plan.

I do not support the current plan or any version of a plan that would close or limit the use of trails to motorcycles, in the RWD Landscape.

By way of background I am a resident of Ouray County and prior resident of San Miguel County (dating back to 1978). After a long absence from motorcycling, I got back into the sport about three years ago. I would like to share with you my impression of the riding community.

*Riders are passionate about spending their time away from work riding motorcycles with their friends and family. Riding is a way of life.

*Local riders are very involved trail maintenance and do not tolerate incorrect riding edicate (off-trail use, trail damage, etc).

*Riders spend real money in Rico and other rural Colorado communities.

It is my contention, that limiting the use of trails, by motorcycle users, in the RWD Landscape would adversely affect many citizens' way of life.

Respectfully,

Micah J. Page
