Comments:

I've been off-roading with my family and club in these areas for almost 30yrs. It concerns me every time I hear of things being shutdown, it seems to be more often lately. My children are grown now and they too love to off-road. We are already limited to only a few places to take our jeeps and enjoy the outdoors, I would hate to see that get any smaller. I believe that the trails that are on the books now, stay open so I can also introduce my grandchildren to off-roading, and to the awesome scenery that most people will never see. Thank you, Dan Bowie
