First name: Lucinda

Last name: Boudreau

Organization:

Title:

Official Representative/Member Indicator:

Address1: 8210 SE Lynch Rd

Address2:

City: Shelton

State: WA

Province/Region:

Zip/Postal Code: 98584

Country: United States

Email: lucindamagnarxinc@yahoo.com

Phone: 805-915-8954

Comments:

Motorized ATVs and dirt bikes etc. do not belong in national parks or wildlife reserves. They are noisy and polluting to start with. But even worse is what they do to the landscape and flora. They cause wear and tear and erosion of the landscape. They run over and destroy plants and small critters. They go off designated trails and create new dirt roads and paths wherever they please. Allowing small personalized motor vehicles not only ruins the environment which they ride, but also disrupts the beauty and peace that nature lovers go to the parks to enjoy. Let the riders take their vehicles to a track, not our parks!
