Comments:

I have enjoyed my summer in the BLM as an SCA volunteer exploring BLM lands out west. I hope to see national forests such as Grand Mesa, Uncompahgre and Gunnison National Forests and that future volunteers and hikers can see these for the next 200 years of the U.S.A. I hope that we do not lose our last roadless areas to very short term coal mining which will stop the tourism to these areas forever. We have plenty of coal in the world and do not need to mine it all before switching to renewables.
