Comments:

Dear Mr. Jiron,

As an avid user of Colorado National Forests and Parks, I am deeply against any destruction of the land through coal mining, road building, and traffic. These forests are for everyone, not coal companies with a legacy of environmental destruction. The people trust in you to protect our resources and not sell out. Please do whatever you can to end any development of the "North Fork Coal Mining Area."

Your truly,

Jeff M. Meyerson
