Comments:

I Support Alternative B of the Supplemental Draft Environmental Impact Statement (SDEIS) to reinstate the North Fork Coal Mining Area exception of the Colorado Roadless Rule (CRR). It's very important that the CRR be restored to its original scope so that responsible resource development can resume in the areas impacted by the court's decision. Our rural coal mining communities have already taken heavy losses with mine closures and layoff, and it is not fair to further sacrifice our future. Thank you
