Comments:

I lived in Colorado for almost all of my life and hope to move back there again soon. My family all still live there. Our national forests are a huge part of what makes living here in Colorado so great. We need to protect Colorado's forests, and expanding coal to mining under a loophole in the Colorado Roadless Rule is counterproductive to Colorado's best interests. I oppose the proposed amendment, and urge adoption of the "no action" alternative. Please keep Colorado's beautiful open spaces beautiful, our skies blue, our water clear and our air clean! It is all a part of our natural resources and brings in millions in tourism dollars. Open mine pits and their pollution do not.

Thank you,

Linda Pylican
