Comments:

To Forest Service:

Please do not allow Arch Coal to expand coal mining near Paonia on Public Lands. This is a sensitive area would be negatively impacted by this use. Further, this expansion is unnecessary and unwise in the shrinking market for coal energy. Arch is not a financially stable corporation and cannot be trusted to expand in a responsible manner, or clean up messes that would inevitably occur with an expansion. Thank you for extending time for review. I urge you to consider all of the impacts of this decision.

Thank you.

Charlotte Shifrin
