Phone: 212-534-0304

Comments:

More dirty coal is not what Colorado needs. These attempts from the coal industry to reopen a loophole in the Colorado Roadless Rule would result in 170 million tons of coal replacing renewable energy from the grid.

In 2015, 100,000 people submitted comments to keep the loophole in the Colorado Roadless Rule closed. I too would like to submit a comment opposing the proposed amendment.
