Dear Forest Service,

Once again you are moving to compromise our valuable forest ecosystems here in the state in the name of natural resource development. As a biologist, I know how important our national forests are to the health of this state and the world, now that we're feeling the impacts of global climate change. We need to protect Colorado's forests, and expanding coal to mining under a loophole in the Colorado Roadless Rule is counterproductive to Colorado's best interests. I oppose the proposed amendment, and urge adoption of the "no action" alternative. Thank you.

Sincerely, Jody Cardamone
