

From: **Chris Crosby** chrisrosby2@icloud.com
Subject: **Comment on Arch Coal Permit**
Date: **January 15, 2016 at 3:59 PM**
To: **Ted Zukoski** tzukoski@earthjustice.org

To Whom it May Concern :
For some electronic reason my computer refuses to "Submit" the enclosed comment.
I will now take it to the closest Post Office and mail it to the FS office at 740 Simms
I have just called your Simms office phone 303-275-5350
Chris Crosby

TIMELINES

DEADLINE 10 AM TODAY 1/15 IF BY COMPUTER
(SNAIL MAIL DEADLINE WAS TO BE REC'D YOUR OFFICE TODAY)
356 CALLED 275-5350 LEFT VOICE MAIL
VOICE SAID SIMMS OFFICE OPEN UNTIL 4 PM
VOICE MESSAGE AT SIMMS OFFICE SAID OPEN UNTIL 4:30 PM
SO I THINK I HAVE COMPLIED IN MUCH AS POSSIBLE

THANKS

Chris Crosby
303-322-5353

4:15 NOW AT POST OFFICE
SO GO DENVER

Rulemaking for Colorado Roadless Areas - Supplemental #46470

Commenting on This Project

Comments, including anonymous comments, will be accepted at any time. However, comments posted after the close of a designated comment period may not be able to be given full consideration. Anonymous comments and comments submitted after the close of the final designated comment period will not provide the commenter standing for administrative review.

The Forest Service values public participation. Communications from the public regarding this project, including commenter's names and contact information, will become part of the public record.

Comments, or in some cases other expressions of interest, along with respondent's contact information, submitted during the comment period may be necessary to establish a respondent's eligibility to participate in an administrative review for this proposed action. Interested members of the public should review the proposal's information to determine the applicable administrative review process and the eligibility requirements for that process. The date of the legal notice of opportunity to comment on this proposed action is the exclusive means for calculating the comment period. For proposals to be documented with an Environmental Assessment and for Categorical Exclusions where the decision is documented in a Decision Memo, the legal notice announcing the comment period appears in the Newspaper of Record. For Draft Environmental Impact Statements, the Notice of Availability announcing the comment period appears in the Federal Register.

USDA granted an 11-day extension of the comment period in response for adequate time to review documents and provide input on the proposed rule and the supplemental draft EIS over the holiday season. Notice will be published in the Federal Register.

Your comments are requested by 1/15/2016.

Option to Submit Comment Electronically

The form below can be used to submit your comments to the responsible project official.

National Forests have the option to post comments for public viewing on this web site via a public reading room. Active reading rooms allow the public to read or download your letter, including your contact information. If this project has an active reading room, a link labeled "Public Comment Reading Room" will appear on the main project page. The agency may withhold letters containing proprietary information, sensitive cultural or habitat locations, profanity, etc. All letters, including those not posted, will be considered and included as part of the project record.

Letter Text

Eight reasons to not develop Arch coal mine in Sunset Roadless Area:
1- It is counter to Pres Obama's Clean Power Plan, public health and habitability of Planet
2- It would double Colorado's GHG emissions
3- There is no need for this coal deposit to be extracted. Coal demand is way down, other countries have plenty of their own, 70-80 % of all fossils need to be left in the ground to lessen Climate Chaos
4- There are much better jobs in this area than coal mines which cause Black Lung deaths. Dean Richard Wobbekind of Univ. Colo Leeds School of Business said at Gd Jct Chamber of Commerce that coal is on "Death's Door" while real estate and construction are "strong". And most likely Arch will just bring in out of state experienced coal workers from the glut of unemployed coal workers laid off elsewhere.
5- The loophole exemption was denied by Federal Judge R. Brooke Jackson and subsequent FS and/or BLM
