Comments:

I'm a life long Alaskan, some of my fondest memories were riding snowmachines at Turnigan and other Chugach parks. I have been riding these area since I was 5 years old. Growing up riding has taught me to respect the land and nature. We always clean up after our selves and never leave any trash behind. We respect the nature and wildlife. The best part about riding isn't going fast or high marking, it's getting on top of the mountain and seeing the breathtaking views that are only possible by accessing these areas via Snowmachine. Protecting our rights as Alaskans to use these areas for motor vehicle recreation is extremely important. I want to be able to share this access with my family and future kids some day. Please let these choices be made by Alaskans and not influenced by outside organizations or non residents.
