Comments:

In the Chugach National Forest, the Forest Service is entrusted to manage some of Alaska's most treasured wild lands in the Congressionally-designated 2 million-acre Nellie Juan-College Fiord WSA. Changing that now- by allowing residential timber harvests, expanded motorized uses, manipulation of habitats, mining, and helicopter-assisted skiing and hiking-would harm this beautiful Wilderness Study Area. It defies common sense. Instead, the Forest Service should maintain current protections and recommend to Congress its perpetuation into the future. This world-class wild area deserves permanent protection now and far into the future!
