Comments:

I support including the Nellie Juan Wilderness Study Area into the National Wilderness Preservation System. I have been a visitor to Prince William Sound nearly every year since 1978. Last summer my wife and I spent 2 1/2 weeks kayaking in the Nellie Juan Area in Deepwater Bay, Greystone Bay, Derrickson Bay, and Port Nellie Juan. PWS is our favorite place on the planet. The wilderness quality is spiritual for us. We were married on Point Nowell in 1988.
