Comments:

I have had many explorations of Prince William Sound and members of my family make their living from the waters and fish of the Sound. I support retention of all wilderness study areas as formal wilderness and the inclusion of more areas as wilderness study areas. The larger islands(Knight, Montague, etc) are all worthy of special status.

When I take my guests to Prince William Sound they cannot believe that it is not a national park. Please designate and manage as wilderness as much of the Sound as possible. Thank you.
