Comments:

Please work to preserve our ancient rain forest. Alaska's most treasured wild lands in the Congressionally-designated 2 million-acre Nellie Juan-College Fiord WSA. Changing that now-by allowing residential timber harvests, expanded motorized uses, manipulation of habitats, mining, and helicopter-assisted skiing and hiking-would harm this beautiful treasure.

Please consider our earth's climate, it's inhabitants and the need to keep our forest, not eliminate them acre by acre.
