Add your comments here: I have ben working with a lot of people for many years to keep are roads OPEN and that was back in the 1970's and some of are Governors said enough is enough but the good U.S.F.S. takes the law in there own hands and as soon as we get a governor its starts all over , you need to lave the roads open you have been told the by more than one Governor.

Governor Victor Atiyeh also said enough is enough at a meting in LaGrande . so I have said it more than once are roads need to be open you don't do any thing with most of them any way I know that to be true .
