Zip/Postal Code: 98292

Country: United States

Email: tod701@aol.com

Phone:

Comments:

Blue Mountains Restoration Strategy Team:

On behalf of the Northwest Motorcycle Association, I support this proposal.

Maintaining a healthy forest by increasing the abundance of fire-tolerant tree species and large tree dominated stands is a long term enhancement for the recreational visitor to the forest.

Continued recreational access to the roads and trails of the forest is highly valued by the members of our organization and should exist whenever possible.

Respectfully submitted,

Tod Petersen

Legislative/Land Use Coordinator
