Rico

Debbie: I am a Rico resident and have been for 21 years and would like to express my concern about the Travel Management Plan to save the trails around Rico from motorized use, especially the Burnett and Horse Creek trails. I am an avid hiker and it has been my experience that the trails get torn up and the dirt bike people do not respect the trails, the town or the hikers. I have had to get out of the way when they come and they don't usually even slow down, it is very dangerous. We in Rico don't have a lot of places to escape them. The new proposal to use the railroad bed to connect to other trails is especially troublesome as it is very close to town and residents.

Thank you,  
Jerrie Matthews
