Rico/West Dolores Trail Plan

Hello Debbie,

We have lived in Rico for almost 20 years now. We would like to give our support for Plan B and strongly oppose Plan C, D and E for the following reasons:

1. We agree with the Town of Rico Master Plan, and with our town values, of maintaining a quiet zone around Rico. Plan C, D and E ignore our town Master Plan and this very important quality of life issue.
2. Allowing motor use of Burnett Creek would significantly increase noise, traffic and hazards for West Rico and Piedmont residents.
3. Creating a new motor trail from West Rico, extending south to the Montelores Bridge, would again be in conflict with our town's master plan. The bear, beaver, deer and elk we have personally observed along this corridor would be adversely affected, if not driven out of this beautiful area, by the increased use.

Thank you for taking our comments.  
Marilyn and Gerald Griebel
