Comments:

To whom it may concern,

Please do not close the lower part of Bear creek. I love riding my motorcycle up from there and if this was closed I would not be able to ride the other trails such as Calico and Priest Gulch all in one day.

Also please do not close access into Rico from the Calico trail. its fun to ride up and over and go into Rico and eat lunch then ride back. This would effect possible money going into Rico.

Thank you for your time.

Robert
