Comments:

Please do not close the bottom portion of Bear Creek trail. It is to vital of a connection with all other trails in the area and puts to much pressure on Gold run trail. It is well above the creek bed and is a trail that does not suffer form erosion.

Also do not close access into Rico from the calico trail. It is vital for fuel and food and is also a very sustainable trail can be rerouted south of rico for protecting the town from noise and dust.
