Comments:

I went riding in the Rico motorcycle trail system in 2014 with a group of 8 people from Michigan/Ohio/and New Jersey (we all bought the ORV permit). What a beautiful area and trail system! In my eyes the Rico trails are a hidden gem among the more serious off road motorcycle enthusiasts. We spent 3 days in the area, eating all our meals at local eateries and spending \$ @ the local shops. In such a rural area this type of traffic has a big impact on local economy. Would be a real disappointment to both local business owners and the off road motorcycle community to have any more restrictions regarding the amount of trail and the seasonal availability.
