Comments:

I am a strong advocate for Quiet Use over Motorized use. I believe that ATV and motorcycle use has caused permanent damage to many of our fragile ecosystems. Motorized use also disrupts wildlife as well as their habitat. There is already an abundance of trails and roads for this form of recreation. Far more people enjoy quiet use, but the trouble is they tend not to be noisy people who always advocate for themselves and quiet use--unlike the very vocal and often angry motorized user community. Please help preserve our natural spaces for wildlife and quiet use recreation.

Thank you.

Jenny Wrenn
