Comments:

Hi,

I'm a resident of Albuquerque, NM and these trails are really part of my extended area. I grew up in the Southwest but spend 6 years in Western NY going to graduate school. One of things I missed most and which helped me in my decision to move back to this part of the country was the amazing motorcycle riding available in the area. I have gotten my wife involved in riding and when I start a family I hope to get my children involved as well. As a result, I hope they have the opportunity to ride these amazing trails. As such, after reviewing the alternatives I advocate for Alternative A that has the least impact on the riding area available. I understand that your team is trying to create a solution for all interested parties, and so I understand some changes may be in order. If changes had to be made I would advocate for Alternative C that keeps many of the trails open to motorcycles but takes steps to maintain the resources through timing closures and re-routes.

Thank you,

Kyle Fuerschbach
