Re: Rico-West Dolores Roads and Trails (Travel Management) Project

July 7 2016

Ms. Kill and Mr. Padilla:

Upon reviewing the Rico West Dolores so called Travel plan, I have found the so called travel management plan to be offensive and in violation of my constitutional rights to enjoy the public lands as a United States tax paying citizen. Therefore I will be rejecting any and all proposals by the USFS and the mentioned travels plans above and others forced upon myself and the citizens of the United States. In addition I am requesting without delay the USFS revert back to the original CROSS COUNTRY TRAVEL plan as my right, as a United States Citizen.

Please forward this to your superiors in Washington and to whomever it may concern;

Thank You for your time and effort in this matter.

Respectfully

Curtis Cowan
