Okanogan Wenatachee National Forest

Greetings,

This letter is a request for you to protect the wildlife, ecosystems and silence of our national forest. We should never have allowed motorized vehicles, dirt bikes or any gasoline burning, noisy, ground chewing vehicles in the Forest. Please realize that there are many many more citizen taxpayers who care about protecting wildlife and quiet places to retreat to than there are overhyped speeders on dirt bikes and atvs.

Please remember the majority of us when you make your decisions about allowing these loud fossil fuel driven recreational vehicles in our parks.

Thank you,
Carol Sword
Port Townsend, Wa
