Okanogan-Wenatchee NF Travel Management Plan

Thank you for the opportunity to comment about the proposed travel management plan.

We are disappointed that all the options significantly limit existing public access to the forrest.

My family and friends love using OHVs (specifically trail riding with dirtbikes). We are all long time Northwest Motorcycle Association members. We promote all activities that would increase (or at least not decrease) OHV access and OHV trail systems through out the forest. Camping and OHV use are such an integral part of important family time, kids growing up, and important life lessons for so many families! Please make every consideration for continued and increased OHV access.

Of the options listed, option D is my family's preference.

Thank you,

Andy Bowman and family
