USFS Okanogan/Wenatchee travel management plan

To whom it may concern. On the subject of the proposed Okanogan-Wenatchee NF motorized travel management plan I would like to express my preference for option "D". My family has spent time in the mountains riding dirtbikes for 30+ years. In that time I have witnessed the transformation of the area from one completely unregulated and overrun to one where the off-road community have become the major stewards of the trails in the area. Every year countless volunteer hours are put in to maintain and preserve these trails and many families learned to appreciate the wilderness through the access provided.

Thankyou

John Brandon
