Draft EA for Motorized Travel Management Comment

Greetings -

I am in favor of Alternative D, as outlined in the released Environmental Assessment, as striking the best balance in allowing motorized travel in the subject area to continue. Please note, as a responsible motorcycle enthusiast I support the closure of overland or off designated roads and trails travel, as do a majority of fellow enthusiasts I've spoken with about this. We do, however, strongly object to closure of existing and designated roads and trails.

Thank you for your consideration.

Rob
