I'm a Taxpayer of our Public Lands  
& want not only to keep the areas  
we have now to ride on but I also  
hope we open up more & new areas for  
us to not only enjoy our forests but to  
enhance our lives. I'm 70 years young  
& totally enjoy the freedom to ride in certain  
areas and to enjoy our beautiful state.  
Hopefully we can expand our areas for  
our WATY's which are licensed by the  
state of Washington plus I have  
invested my money in certifying my ATV  
to be legal and safer for our precious  
lands

Respectfully
