Comments:

I'm a taxpayer of our public lands and want not only to keep the areas we have now to ride but I also hope we open up more and new areas for us to not only enjoy our forests but to enhance our lives. I'm 70 years young and totally enjoy the freedom to ride in certain areas and to enjoy our beautiful state.

Hopefully we can expand our areas for our WATV's which are licensed by the State of Washington. Plus I have invested my money in certifying my ATV to be legal and safer for our precious lands

Respectfully
