Comments:

I know by now you have received plenty of comments with detailed back-up as to why using the PNW Range for war 'games' should NOT be allowed. There are plenty of other sites like the Utah/Idaho desert fields they have used in the past for training, etc. THAT facility is still there ready to be utilized instead of breaking US LAW by harming our World Heritage Site that our government has vowed (with laws) to protect. This is an OUTRAGE.. The 'games' will not only harm wildlife and their habitat, it can DESTROY our old growth forests with all the jet fuel air pollution that will settle on them. You must NOT succumb to the fear mongering of the military (Navy) that they are poisoning your minds with. We do not object to Navy training and a strong military but they are going too far especially since no one seems to dare them to be reasonable and they have so much of our tax dollar to 'play' with. They CAN train elsewhere!! They do NOT have to destroy our beloved World Heritage Site for their war 'games'. You CAN stop this insanity now if you really listen to our legitimate and educated comments as is also required by law, and your own hearts and consciousness. Your job, paid with our tax dollar, is to PROTECT .. not allow destruction!!
