Comments:

Dear National Forests:

I am opposed to the Electromagnetic Warfare plan now before you. I oppose the overhead flight of Growlers. The Olympic National Park is not for war games or training. The peace and quiet must be preserved for 2 and 4 legged beings, for winged beings and for peace of mind.

The military has other grounds and airspace to use without impacting the nature and the quiet of this unique place on earth.

I also believe the loud and invasive training is a detriment to tourism and nature activities. This has a negative economic impact on the area.

The Growler operations are impacting our health over here on Whidbey Island.

Stand up and do not approve this application.

Thank you.

Citizen, voter, volunteer, horticulturist, tax payer, musician.
